SESSION ONLY SIXTY DAYS

It is Believed that the End Will Come Before the Senate and House Have Agreed on Some Compromise Bill to Be Constructed.

(Special to The Times-Dispatch.)
RALEIGH, N. C., February 17.-Ex-Lieutenant-Governor R. A. Doughton, of Alleghany, one of the most prominent members of the Legislature, said this morning in a private conversation that he has no idea any temperance legislation of special note will be passed during this seesion. The House is proceeding with the consideration of the Watts bill, and the Senate with the London bill, differing very widely in provisions. Members ob both branches are widely apart in what they want in the way of temperance leg-islation.

feintion.

So even after the bills are passed it will be necessary to have a conference committee probably prepare a substitute for bills passed by both branches, and then probably long debates will doubtless follows.

committee probably prepare a substitute for bills passed by both branches, and then probably long debates will doubtless follow on these substitutes, so that the legislator referred to believes the Legislature will, as it were, expire by limitation before anything is accomplished. The lixty days limit for the session will be up March 7th.

WORK WELL ADVANCED.

It is generally conceded, however, that the general work of the present Legislature is far more advanced than any fersion for many years, so that with the exception of possibly hanging fire on comperance legislation the Assembly will loubtless be ready to adjourn on time.

Ex.Judge Graham, of Greenville, said le was very much of the same opinion is Mr. Doughton. There are those, however, who are confident that a much stronger bill than the Watts bill will be enacted into law. In other words, they seem confident that the London bill will pass with no ameniments that will especially weaken its force.

Tabernacle Baptist Church and Sundayschool, in this city, have adopted resolutions urging the Legislature to pass the London anti-saloon bill.

COMPULSORY EDUCATION.

Last night Capital City Council, Junior Order United American Mechanics, tendered a banquet to National Councilor George E, Bowers, who, with other distinguished members of the order, were here on their way to High Point to atlend the State Council. Governor Aypock was among those who responded to boasts. In referring to educational matters the Governor declared that he would be in favor of compulsory educational laws for North Carolina when at least three-fourths of the children are attending school voluntarily. That is, he would the be in favor of compelling the attendance of the order compelling the attendance of the order that he would to the children.

Claims Ohio as His Home, but His Operations Were in North Carolina. (Special to The Times-Dispatch.)
WELDON, N. C., February 17.-Jim

Davis, colored, who says his home is in Ohio, was arrested here Saturday night on a charge of housebreaking. He burgiarized two dwellings at Chockayotte, carrying off an overcoat, a pistol and the negro's favorite weapon, a razor. It is believed that he is the burgiar who robbed the store of Coiller & Robertson, at Garysburg, Friday night,

guilty of murder in the first degree and
sontenced to be hanged. The Supreme
Court granted a new trial, and they will
be placed on trial again this week in Berlie Superior Court.

GOLDBORO'S BUILDING

Satisfaction Over Report of Additional Appropriation.

(Special to The Times Dispatch.)
GOLDSBORO, N. C., February 17.—Mr. George C. Royall, president of the Chambor of Commerce received a telegram this afternoon from Hon. C. R. Thomas, amnouncing that he has secured an additional \$15,000 from the public building committee, of which he is a member, for the Goldsboro postofice, making a total or \$50,000

of \$50,000.

A mass meeting of the citizens of Goldsboro was called last night in the Messenger Opera House, and this spacious building was thronged to standing room, which gave unmistakable cyldence of the deep sarnestness of this people in their domand for the enactment of the London bill.

WINSTON-SALEM, N. C., February 17. The grand jury visited the County Home

The grand jury visited the County Home this morning, and this afternoon made a report to Juege Shaw that was decidedly damiging to the keeper of the Home, Rebert Fulcher. The jury charges him with not properly caring for the inmates. Judge Shaw instructed the jury to return a bill against Fulcher. The bill was drawn by the sellcitor.

Sandy Stevenson was put on trial in the Superior Court to-day on the charge of being one of the parties that murdered John Miller, a young man, on December 21st, by throwing him in a well, John Russell and Joe Degraft, two of the defendant's cell mates, testified that Stevenson told them that his brother, Rufus, who killed himself the next day after Miller was killd, and Ham Douthit, threw Miller in the well, and that Sandy said: "After threwing him in we all ran." The defense did not offer any testimony. The case will be concluded to-morrow.

DISCUSSION OF THE WATTS BILL

House- of Representatives devoted two hours to the Watts bill to-day, discuss ing principally the amendments offered by Mr. Watts, to allow the people to vote on the manufacture and sale of liquor in towns. The principal speech was by Mr. Morton, of New Hanover, who insisted on his amendment that the people in both the country and towns vote on the manufacture and sale. The Watts bill was opposed by Mr. Thompson, of Onslow; Mr. Grant, of Davie, and Mr. Smith, of Gates, Recebes in support of the bill sees made Speeches in support of the bill were made by Mr. Gulon, of Craven, and Mr. Curtis of Buncombe, and argument suspended until 8 o'clock to-night.

The action of the Senate in pasing the bill yesterday abolishing the Board of Examiners of State Institutions was recalled after considerable argument pro and con. It passed third reading by a vote of 27 to 18.

NIGHT SESSION.

The night session of the House of Representatives was devoted to the discussion of the Watts whitskey bill. Six speeches were made. Mr. Murphy, of Sallsbury, opened for his substitute bill, insisting that the questions of manufacture, sale and dispensary be left to a vote of the people of the counties. Mr. Moore, of Cumberland, followed for the Watts bill. Mr. Alexander, of Mecklenburg, argued for more stringen anti-whiskey legislation than provided by the bill pending. Mr. Graham, of Granville, speke for the Smith substitute. Mr. Parker, of Wayne, for the Watts bill. Mr. White, of Hallfax, for the Smith substitute, and General Bryan, of Wilkes, was given unlimited time on a characteristic speech against all bills pending. He closed to-night. The discussion will be resumed to-morrow morning, and it is not expected a vote will be reached before te-morrow night. There was a hearing of argument before the Committee on Prepositions and Grievances en the rwth bill to require more prompt refunding of rebates, overcharges, etc., by railroad cempanies. H. M. Argument of Defense and Prosecution To-Day.

When court took a recess this afternoon the work of taking testimony in the Bishop case was completed. To-morrow this interesting case will go to the jury The feature of to-day's session of the trial was the testimony of Recorder Shan-nonhouse, who was called by the defense The day after the funeral of Bishop's victim, Mr. Shannonhouse interviewed the victim, Mr. Shannonhouse interviewed the wife and daughter of Wilson as to the tragedy, taking sharthand notes of what they had to say. The aubstance of this interview was given to the jury this morning, and the most important part is that in Miss Ada Wilson's story of the murder told on the witness stand she declared that her father did not strike Bishop, while she teld Mr. Shannonhouse that "Papa may have struck him while I was out." This point goes, of course, to I was out." This point goes, of course, to strengthen the self-defense plea of the

defendant.

On the other hand, and combatting this point, was the testimony of a witness put on by the State in rebutal, who swore that Mr. Downs did step on Bishop's hat the night of the sheeting, and he details the attendant circumstances. The defense has sought to show that the mutilated condition of the hat worn by Bishop that December night was brought about by a stick in the hands of Wilson. That is an important point the jury will have to a stick in the hands of Wilson. That is an important point the jury will have to decide, and a great deal hinges upon whether Mr. Dewns' foot or a stick smashed Bishop's hat. The State also introduced other interesting evidence in rebuttal, tending to discredit some of the testimony introduced by the defense,. Before adjournment this evening Mr. E. T. Cansler, leading counsel for the Stateraddressed the court on the law points in the case. He took occasion to give Bishop some hard licks, and stated that from the evidence the jury would be thoroughly warranted in bringing in a verdict of murder in the first degree.

He dwelf at length on that portion of the testimony that he thought would impress the court as to the prisoner's guilt

by Mr. C. W. Tillett, of counsel for the defense. Mr. Tillett characterized Mr. Cansler's argument as harsh and calculated to do the prisoner harm, because of the fact that Bishop was an entire stranger and had but few friends in court. Mr. Tillett made a strong appeal to the court in support of self-defense, and this argument was attentively listened to.

At the conclusion of Mr. Tillett's remarks the court took a recess until tomorrow morning at 9 o'clock, when the argument to the jury will begin. Mr. Rey Kirkpatrick will open for the State. He will be followed by Mr. Tillett for the defense. Solicitor Webb will follow for the State, and Mr. T. C. Guthrie will next speak for the defense. Colonel H. C. Jones will conclude the argument for the defense and Mr. E. T. Cansler will close for the State. While it is a matter of pure speculation, the censensus of opinion is that the trial will either result in a verdict for manslaughter or acquittal.

wind blew frem forty to fifty miles an heur, and the thermometer fell twenty degrees. Fertunately no serious damage was done.

Much interest was manifested here last night when it became knewn that Judge Purnell, of the Federal Court of the Eastern District of North Carelina, had handed down an elaborate judgment in the case of the city of Durham against the Southern Railway under an injunction in his court as to the ownership of the latter's title, adversely to the city and taxing it with the cost. Such decision was ferecasted in this cerrespondance several weeks ago. The peeple want and need a union depot, but it appears that while this attempt to force it is on we will not get it. In the meantime the Seabeard and Norfolk and Western are quietly gathering mest of the outgeing freight—they catering to pepular sentiment and giving good service. Judge Purnell's decision will be appealed. The contention is over Peabedy Street, which has been in litigation since the night the city authorities gave the Seaboard the recontention is over Peabedy Street, which has been in litigation since the night the city authorities gave the Seaboard the right of possession for their track,

The most important damage was the unroofing of the Southern bobbin factory, a large building near the railroad. Several small outhouses in the city were blown over. The wires of the local telephone exchange are badly crossed and twisted, the service early this morning being practically suspended. Long distance wires were not disturbed to any appreciable extent.

White was badly injured and is not expected to live.

The residence of Mr. Thomas Morris was also destroyed. Mr. Morris, his wife and daughter were in the house at the time and narrowly escaped being crushed to death. All were injured.

The track of the storm was from the river to Back Bay, and the twisting and breaking down of large trees and the tearing down of houses and fences bear evidence of the storm through which the and awaings were very much damaged by the wind.
